Does A Patient Ever Really Win Anything...?

You have most likely seen advertisements of give-a-ways all over town with endless deadlines. When do they actually do the drawing? Who wins? Do they continually collect patients' info to enter them into a never-ending contest? Will you have to wait another year for when they feel they are ready and have enough patients to have an event to finally give away promised prizes? What are the benefits to you for getting your ticket in first?

Trichome Health Consultants is honored to notify patients each week to let them know what they have won! Our patients are loving the surprises they receive unexpectedly. When J.B. was asked what he won at Trichome, his answer was a lot! Read below some more of our winners experiences...

"I won some hash. It helped my chronic back pain. I have 9 vertabrae left that still have a disk or is not fused to the others; 3 of them are bulging. At Trichome there is supreme quality and a helpful knowledgeable staff that always make me feel better leaving than when I came in. It's the smiles, sincere greetings and a willingness to help with genuine concern for all their patients. In addition, I never worry or have never had concern with Trichome's meds."

• M.L.R.

"Holey Smokes...literally. I was super pleased with a variety pack of joints. I never had medicated with one, I always stuck to purchasing giant buds. I am now a fan of the Tri-Cones! Super smooth and definitely recommended. Great Price and Quality."

- 5. You will receive a complimentary 40-minute professional massage.**
- 6. You will have an award winning experience by some of the very best medical marijuana consultants on the planet. We are one of the oldest and most trusted medical marijuana providers in the proud state of Colorado.**
- 7. Now is the time to become a part of the Trichome Community.**

We really appreciate you and your time. With support from our community we can keep safe access of medicine available for our patients. Thanks for being a part of the Trichome Community!!!

"If I had to pick one comment about Trichome, it's all about the assistance I received when getting me on the MMJ program. That and the friendly reputable staff is what was and is most memorable to me."

• SM

We would like to thank the Trichome Community for coming out to the 420 festival. It meant a great deal to the staff of Trichome!

"Thank you for being my #1 choice of medicine." THESE! My only complaint, they taste too good to be a medicine. Hard to stop at just one."

• Nicholas James

"I received a variety pack of several edibles along with a tri-cone. Wow... the medicated chocolate Tri-Treats were exactly what I needed to sleep through the whole night. I am thankful for getting a chance to try some new options for my sleep apnea. If it wasn't for my prize, I still probably wouldn't have tried them. I always have heard that edibles are a waste of money....NOT THESE! My only complaint, they taste too good to be a medicine. Hard to stop at just one."
